EXPERIENCE

Cashier

June 2023 – Present

Walmart, Plano, IL

- Process 50–100+ customer transactions daily while maintaining accuracy and efficiency
- Provided consistent customer service, earning five-star ratings from customers
- Resolved customer concerns professionally in a fast-paced environment
- Trained new cashiers on register systems, customer interaction, and workflow efficiency
- Assisted customers with loading purchases and locating products
- Collaborated with team members to maintain smooth store operations during high-traffic periods

PROJECTS

Personal Portfolio Website | HTML/CSS: Project at Lewis University

- Developed a website that would host and showcase works and projects. Along with that it has links to socials, contact information, and more information.

AI-Assisted Wordle Clone | Java: Project at Lewis University

- Used Chat GPT to replicate Wordle code in the basic form, added a dictionary to it, then debugged and rewrote code so the software would run properly.

GROWTH X: Personal Project (Still in development)

- Designing a goal-tracking application that processes user-inputted data to guide progress in areas like health, faith, and technical skills .
